OUR TEAM IS YOUR TEAM

TAREK BOU KARROUM, **FOUNDER & MANAGING PARTNER**

Tarek stepped away from his position as Managing Partner, Co-Founder & Chief of Sales for a leading real estate brokerage, where he was responsible for growing the team and company exponentially under his strategic planning and management, to found REAP Real Estate. He credits his monumental climb since entering the market in 2009 to these straightforward, simple truths: knowledge, ethics and people.

Tarek is an individual that knows and is known by people. His connections within the brokerage market are remarkable, demonstrating the value he places on partnerships over competition. This is why you will find many partners at REAP.

What he has created today is a result of the insight and experiences that have shaped his, and his partners' careers, and a determination to create new opportunities for all those who seek his consult.

Tarek invests his time heavily in people, and in being the kind of visionary that drives his team and peers to surpass all he has achieved thus far.

REEM HEATHER DABBAS, **DIRECTOR OF OPERATIONS**

Reem comes from a strong background in Marketing, Branding & Communications to join her husband, Tarek Bou Karroum, in this venture to build a leading real estate brokerage in Dubai.

Her integral support in this journey officially commenced in 2018, when she left her executive position at a leading communications consultancy to provide full-time consultation on content, market share exposure and lead generation strategies where she further developed her knowledge and experience in the realm of real estate.

As Director of Operations, she oversees the business's daily activities, coordinating actions across the organization, along with directing marketing, branding and content operations, which is her distinct forte.

OUR TEAM IS YOUR TEAM

MOHAMMAD AL HAJJ, **ASSOCIATE PARTNER**

Hajj's foray into real estate dates back to 2011, working with Oceanview, one of the largest brokerages at the time. From there, he moved onto Lannhill Real Estate, which was at its prime in 2014. Hajj specializes in the luxury segment, securing transactions in Dubailand worth over AED 500 million between luxury villas, master community and building plots.

His kinship with Tarek sparked over 8 years ago over a mutual passion for real estate, and they have been linked ever since in both a professional and social capacity. This relationship came full circle with his joining REAP Real Estate, where he directs mature agents and steers fresh agents, imparting his wisdom, guidance and support to grow the capabilities, sales and opportunities of his team, specializing in both resale and off-plan markets.

NIBAL AL MASRY, **ASSOCIATE PARTNER**

Nibal Al Masry's experience spans more than 12 years in sales and high-end customer service experiences across diverse industries in UAE. The last 5 years saw his focus shift towards real estate, where he acted as Sales Manager for a leading Dubai Developer, managing large portfolios for prominent investors.

As Associate Partner at REAP Real Estate, he leads a growing team of specialists with a focus on the Dubai Off-Plan sector, while capitalizing on his extensive experience and excellent relationship with leading developers.

LYN CERILLO,
HEAD OF ADMINISTRATION & SALES OPERATION

Lyn is a force to be reckoned with within the organization. For nearly a decade she has been sharpening and honing her expertise in the field of real estate, allowing her to expertly manage the entire team of admins and listing coordinators; coordinating operations for the sales team in all areas including documentation, procedure and clarity on RERA law; while providing direct support to the management. There is nothing Lyn does not know or cannot do with regards to real estate, including everything from working with developers, initiating training on the CRM & portals, to handling sales and leasing transactions from A to Z. Above and beyond her role, she is also a successful agent in her own right, which further testifies to her real estate prowess.

EUS CHIONG,
CREATIVE CONTENT MANAGER

With an eye for the exceptional, Eus brings the brand identity, agent listings, and latest developer projects to life in both a visually stunning and impactful way. Her profound ability is a combination of innate talent, and her prior experience as a photography freelancer as well as her stint in sales & marketing for a group of companies, complimented by a curiosity that sees her exploring opportunities and tackling new design programs to further elevate the standards of REAP's digital communications.

While she joined the team fresh into real estate, she has quickly become expertly capable of identifying the unique selling point of every task that comes her way.

THE BEST INVESTMENTS YOU CAN MAKE, ARE BASED ON FACTS

LAND AVAILABILITY

More land to be developed and opportunities to be had than saturated global cities like London & New York.
Investors can buy into a project early and sell at a premium.

HIGH RETURNS

Investors can potentially double their money in five years through rental income and property appreciation as Dubai continues to develop at a fast pace.

VALUE FOR MONEY

Dubai real estate is undervalued when compared to global cities, ranking 3rd most affordable among top-10 major cities, offering more luxury space per square foot.

UNRIVALED PROJECTS

With superb planning and evolution, Dubai's project releases compete on a global scale with more options to suit every investment type attracting more interest & residents each year.
